## Week Two Worksheet YOUTHRIVE

So far, Sam's Socks has been very successful! Nonetheless, an increase in orders, revenue, and expenses, has left Sam feeling unorganized. Fortunately, she has you! Help Sam organize her product demand and finances by creating a pre-order form and income statement.

1. Jared, Ryan, and Rachel recently ordered socks, but Sam does not have the supply to fulfill their order right away. Jared ordered 2 pairs, Ryan ordered 3, and Rachel ordered 1. All three customers ordered and paid for the socks on January 3<sup>rd</sup>, 2021. Using this information, fill in the following pre-order form!

| Name | Date | Contact Info. (make up a phone number) | # of<br>Units | Paid? |
|------|------|--|---------------|-------|
|      |      |  |               |       |
|      |      |  |               |       |
|      |      |  |               |       |

- 2. Over the course of 2020, Sam was able to keep track of her income. Her reported financial figures were:
  - Price Per Unit = \$5
  - Units Sold = 100
  - Cost Per Unit = \$2.00
  - Advertising Expense = \$50

Help Sam by organizing her income and expenses into the income statement below! (Keep in mind, her company incorporates 3 of the 4 R's so only has to pay 6% tax!)

| Sam's Socks Income Statement   |  |  |  |  |  |
|--|--|--|--|--|--|
|  |  |  |  |  |  |
| Revenue  |  |  |  |  |  |
| Sales - Socks (\$5/pair x 100 sales)                                 |  |  |  |  |  |
| Total Revenue  |  |  |  |  |  |
| Expenses   |  |  |  |  |  |
| Cost of Goods Sold – Socks (\$2/pair x 100 pairs)                    |  |  |  |  |  |
| Advertising Expense (cost of printing posters, advertisements, etc.) |  |  |  |  |  |
| <u>Total Expenses</u>  |  |  |  |  |  |
| Net Income Before Taxes (Total Revenue – Total Expenses)             |  |  |  |  |  |
| Tax (Net Income x 6%/0.06)   |  |  |  |  |  |
| Net Income After Tax   |  |  |  |  |  |

## Now it's your turn!

| INSERT BUSINESS IDEA NAME  |  |  |  |  |  |
|--|--|--|--|--|--|
| Income Statement   |  |  |  |  |  |
| For the Period Ending January 29, 2021                                       |  |  |  |  |  |
| Projected Revenue  |  |  |  |  |  |
| 11 ojecteu Revenue   |  |  |  |  |  |
| Sales - (Selling Price x Total Projected Sales)                              |  |  |  |  |  |
| Total Projected Revenue  |  |  |  |  |  |
| Projected Expenses   |  |  |  |  |  |
| Cost of Goods Sold – (Product Cost x Total Projected Sales)                  |  |  |  |  |  |
| Additional Projected Expenses (Shipping, Advertising, etc.)                  |  |  |  |  |  |
| Total Projected Expenses   |  |  |  |  |  |
| Net Income Before Taxes (Total Projected Revenue – Total Projected Expenses) |  |  |  |  |  |
| Tax (Net Income x 6%/0.06 or 13%/0.13)                                       |  |  |  |  |  |
| Net Income After Tax   |  |  |  |  |  |
