Ms. Desjardins has worked diligently to create fun and engaging lessons for the students in our ESL classroom. One of the suggestions we made was to incorporate more technology into her planning. She tackled this challenge successfully by teaching the students how to use Pic Collage and incorporating many videos into her lessons. Ms. Desjardins took it upon herself to become involved in extra curricular activities such as designing the backdrop for the school talent show. Her energetic and enthusiastic attitude was evident on a daily basis. It was a pleasure to have her here with us and if given the opportunity again she would be a welcomed addition in our classroom.	Ms. Desjardins had the opportunity to use a f different types of assessment tools during this placement (e.g., anecdotal notes and checklis would be beneficial for her to gain experience utilizing and implementing other tools in h future placements (e.g., rubrics, assessment technology).
