

Laptops or No Laptops in the classroom?

Moving Forward:

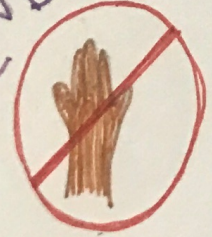

- slow and steady
- don't expect immediate results
- every generation have different capacities

KEEP EXPERIMENTING!

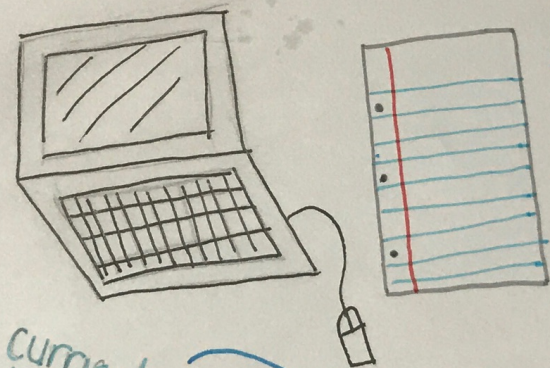

technology hurdles → stick to lectures

DON'T ACCEPT WHAT IS JUST HANDED TO US!

Our curriculum operates in a different digital world than it did in the past

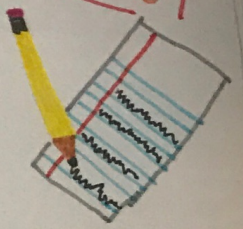

Students w/laptops perform lower than students without

Are they surfing the internet or doing work?

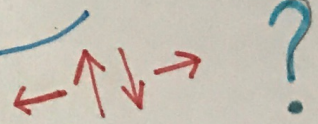

Not as effective at taking notes

Lower understanding of material

1. COURSES OPERATE AS IF CONDITIONS FOR THINKING OR LEARNING HAVE NOT CHANGED

2. HOW DO WE LIVE/WORK IN THE GROWING DIGITAL MEDIA-COGNITIVE ECOLOGY

- technology pulls us in different directions

"delight and instruct"
