To Whom It May Concern,

Chris Mousseau was in integral part of helping facilitate the Tecumseh Vista Intermediate Basketball Intermural from March 21st until April 14th. Mr. Mousseau brought so much to the predominately male players for example; energy, leadership, rules of the game and most importantly a positive male role model. It was obvious from the start that Mr. Mousseau felt comfortable in the gym making calls and coaching from the sidelines. He quickly created a rapport with the students helping them see their errors in fun, kind and lighthearted ways.

It was an absolute pleasure to have Chris Mousseau assisting with the intermurals and I look forward to working with him again in the future as a colleague. Please feel free to contact me in the future as a reference.

Most Sincerely,

Martina Ikiok
