To Whom It May Concern:

This letter is written in support of Ms. Marta Sokol. I have known Ms. Sokol for the past 6 years as she is currently part of our JK/SK team employed as a full time Early Childhood Educator.

Ms. Sokol is punctual each day and works effectively with our school team which includes the classroom teacher, Educational Assistants and Board Personnel. I am extremely impressed with her knowledge, calmness and quiet leadership she displays while dealing with all students and especially students with special needs. Additionally, I have been impressed with her knowledge in the area of Primary Education and the overall education, care and well-being of all students. She has effectively utilized technology when needed and students have reacted positively to her teachings whether in person or online.

Without any hesitation, I would highly recommend Ms. Sokol as a full time ECE or a full time Classroom Teacher (she will begin full time studies in the fall at the Faculty of Education) with the Windsor Essex Catholic District School Board as she would be a valuable addition to any school team.

Please feel free to contact me directly if I can be of any further assistance.

Sincerely,

*Tony Gebrail*
